**Terms & conditions of repair**

Your hardware will be repaired at a service center licensed by the manufacturer.

**Warranty**

A warranty claim can be filed only with a valid purchase receipt. If an inspection of the hardware reveals that a defect is not covered by the current warranty, you will receive a quotation for the repair. The warranty does not cover normal wear and tear, damage through improper usage, damage or repairs made by the buyer or a third party, as well as defects caused by external influences (hard shaking and pressure exertion, damage caused by dropping or knocking, liquids, chemicals, sand, dust, heat, cold, etc.).

In such cases, the manufacturer will reject any warranty claim.

**Data backup**

When repairs are carried out, all data stored on the device will be lost. The customer is solely responsible for backing up their personal data beforehand. The repair center cannot be held liable for lost or corrupt data on mobile phones or other external memory devices.
